Orchard

Cooperative game for 1 to 8 children ages 3 to 6.

Author: Anneliese Farkaschovsky

Illustrations: Walter Matheis

Length of the game: 10 - 15 minutes approx.

The four fruit-trees are full of fruit. The apples, pears, cherries and plums are ripe and have to be picked quickly, because the crafty raven is eager to pinch some tidbits.

Contents

- 10 apples
- 10 pears
- 10 pairs of cherries
- 10 plums
- 4 baskets
- 1 raven jigsaw (9 pieces)
- 1 color die with symbols
- 1 game board

Aim of the game

The children try to pick the fruit from the trees before the raven can steal them.

*Short instructions:
harvest fruit*

Preparation of the game

The fruit is distributed among the corresponding trees shown on the game board. Each player gets a basket. If there are more than 4 players, several players share one basket.

*fruit on the trees,
take basket*

*pile up jigsaw pieces
get the die ready to roll*

The nine parts of the raven jigsaw are removed from the frame and piled up so that they are ready to use. Place the die next to the game board.

How to play

The youngest player starts and throws the die once.

Which color or symbol appears on the die?

- Red, yellow, green or blue:**

The player picks a fruit of the corresponding color and puts it into his/her basket. If there are no more fruits of that color on the tree nothing happens and the die is passed on immediately.

*red = cherry
yellow = pear
blue = plum
green = apple*

- The basket:**

You can pick any two fruits and place them into your basket.

basket = 2 fruits

- The raven:**

Place one piece of the jigsaw into the middle of the game board on the corresponding place.

raven = piece of jigsaw

End of the game

If the players succeed in gathering all the fruit before the raven jigsaw in the middle is finished, they all win the game – together they have been quicker than the voracious raven.

*all fruit picked:
all players win*

If the raven jigsaw is complete before all the fruit has been picked, the children lose together to the quick raven.

*raven jigsaw complete:
all players lose*
